The information provided on the Fire & Building Integrity Ltd website is for general information and guidance purposes only.

Fire & Building Integrity Ltd provides independent fire safety and building advice based on the information, documentation and conditions available to us at the time of providing our services. While we aim to ensure that information provided is accurate, clear and appropriate, we do not guarantee that all information on this website or within general website content is complete, current or applicable to every situation or building.

Information provided through this website should not be relied upon as a substitute for professional advice specific to your circumstances. Where appropriate, further investigation, specialist advice, testing, certification or other professional services may be required.

Fire & Building Integrity Ltd does not provide legal advice. Where a matter involves legal interpretation, statutory duties or legal proceedings, appropriate legal advice should be obtained.

References to legislation, regulations, standards, guidance or other technical information are provided for general information and should not be taken as a complete interpretation of the requirements applicable to a particular project or building.

We make reasonable efforts to ensure that links to external websites are relevant and appropriate. However, Fire & Building Integrity Ltd has no control over the content or availability of external websites and accepts no responsibility for their content.

To the extent permitted by law, Fire & Building Integrity Ltd accepts no liability for loss or damage arising from reliance upon general information provided through this website.

Nothing in this disclaimer excludes or limits any liability that cannot legally be excluded or limited.
